COAL PROJECT

PROPOSAL

Group Members:

UMAIR AZAD (19P-

0030)

MUHAMMAD AFFAN

KHAN (19P-0045)

SECTION :

3B

Project Name:

Number Guessing game

Description:

We are making a number guessing game using 16-bit concepts. This is a number guessing game that has a secret number stored in system that can be altered in the program.
